# **1. Overview of FY2024 Results**

**Sales achieved mid-term target ahead of schedule  
Data center demand continues**

**Profits increased in all segments  
Operating profit increased 24% year-on-year**

**The year-end dividend for FY24 is expected to increase by 1 yen, and  
the annual dividend for FY25 is scheduled to be 66 yen  
This marks 14 consecutive years of dividend increases**

## ／ (2) Results Highlights (Orders Received, Net Sales)

Record-high orders and net sales, as well as a significant increase in construction projects being carried over

### ■ Orders Received

### ■ Net Sales

(billion yen)

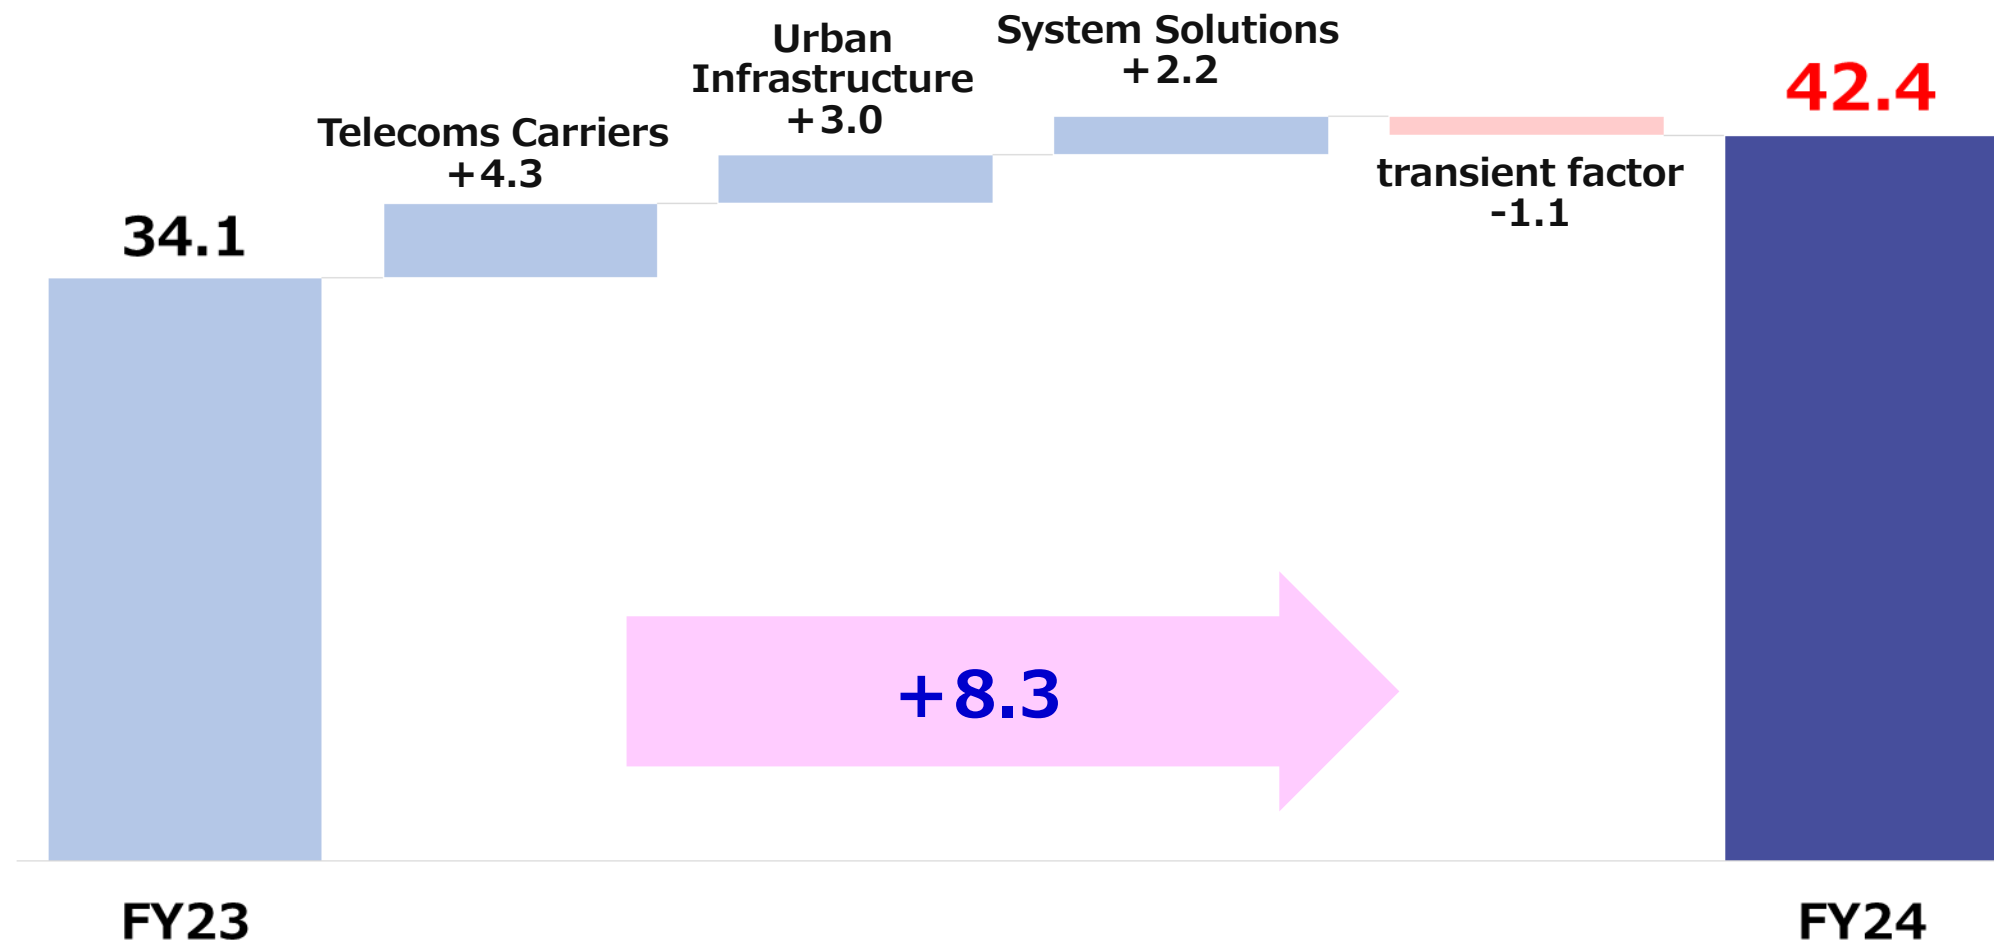

## ／ (3) Results Highlights (Operating Profit)

Despite transient factors, profits increased in all segments

### ■ Operating Profit

(billion yen)

# ／ (4) Results Highlights (Segment Information)

(billion yen)

---

## **2. Forecast for FY2025 performance**

## (1) Plan Summary

Net Sales are projected to further expand, including the completion of carried-over orders, and Operating Profit is expected to reach the mid-term target of 47.0 billion yen

	FY2024	FY2025	
(billion yen)	Actual A	Plan B	YoY B-A
Orders received	712.4	720.0	+7.6
Net sales	670.8	710.0	+39.2
Operating Profit	(6.3%) 42.4	(6.6%) 47.0	(+0.3P) +4.6

## ／ (2) Plan Summary (Segment Information)

(billion yen)

	Telecoms Carriers	Urban Infrastructure	System Solutions
Net sales	<p>252.5 → 247.0</p> <p>FY24 FY25 Plan</p>	<p>217.6 → 228.0</p> <p>FY24 FY25 Plan</p>	<p>200.6 → 235.0</p> <p>FY24 FY25 Plan</p>
Segment profit	<p>8.4% — 8.4%</p> <p>21.1 → 20.8</p> <p>FY24 FY25 Plan</p>	<p>5.9% — 5.9%</p> <p>12.9 → 13.4</p> <p>FY24 FY25 Plan</p>	<p>4.2% — 5.4%</p> <p>8.4 → 12.8</p> <p>FY24 FY25 Plan</p>

---

## **3. Initiatives by Segment**

# ／ (1) Telecoms Carriers

## ■ Trends in net sales

## FY2025 Plan

- Investments in mobile quality improvement continue
- Profit levels were maintained through the continued implementation of efficiency measures.
- Pay close attention to NCC's investment trends

## ■ Trends in segment profit

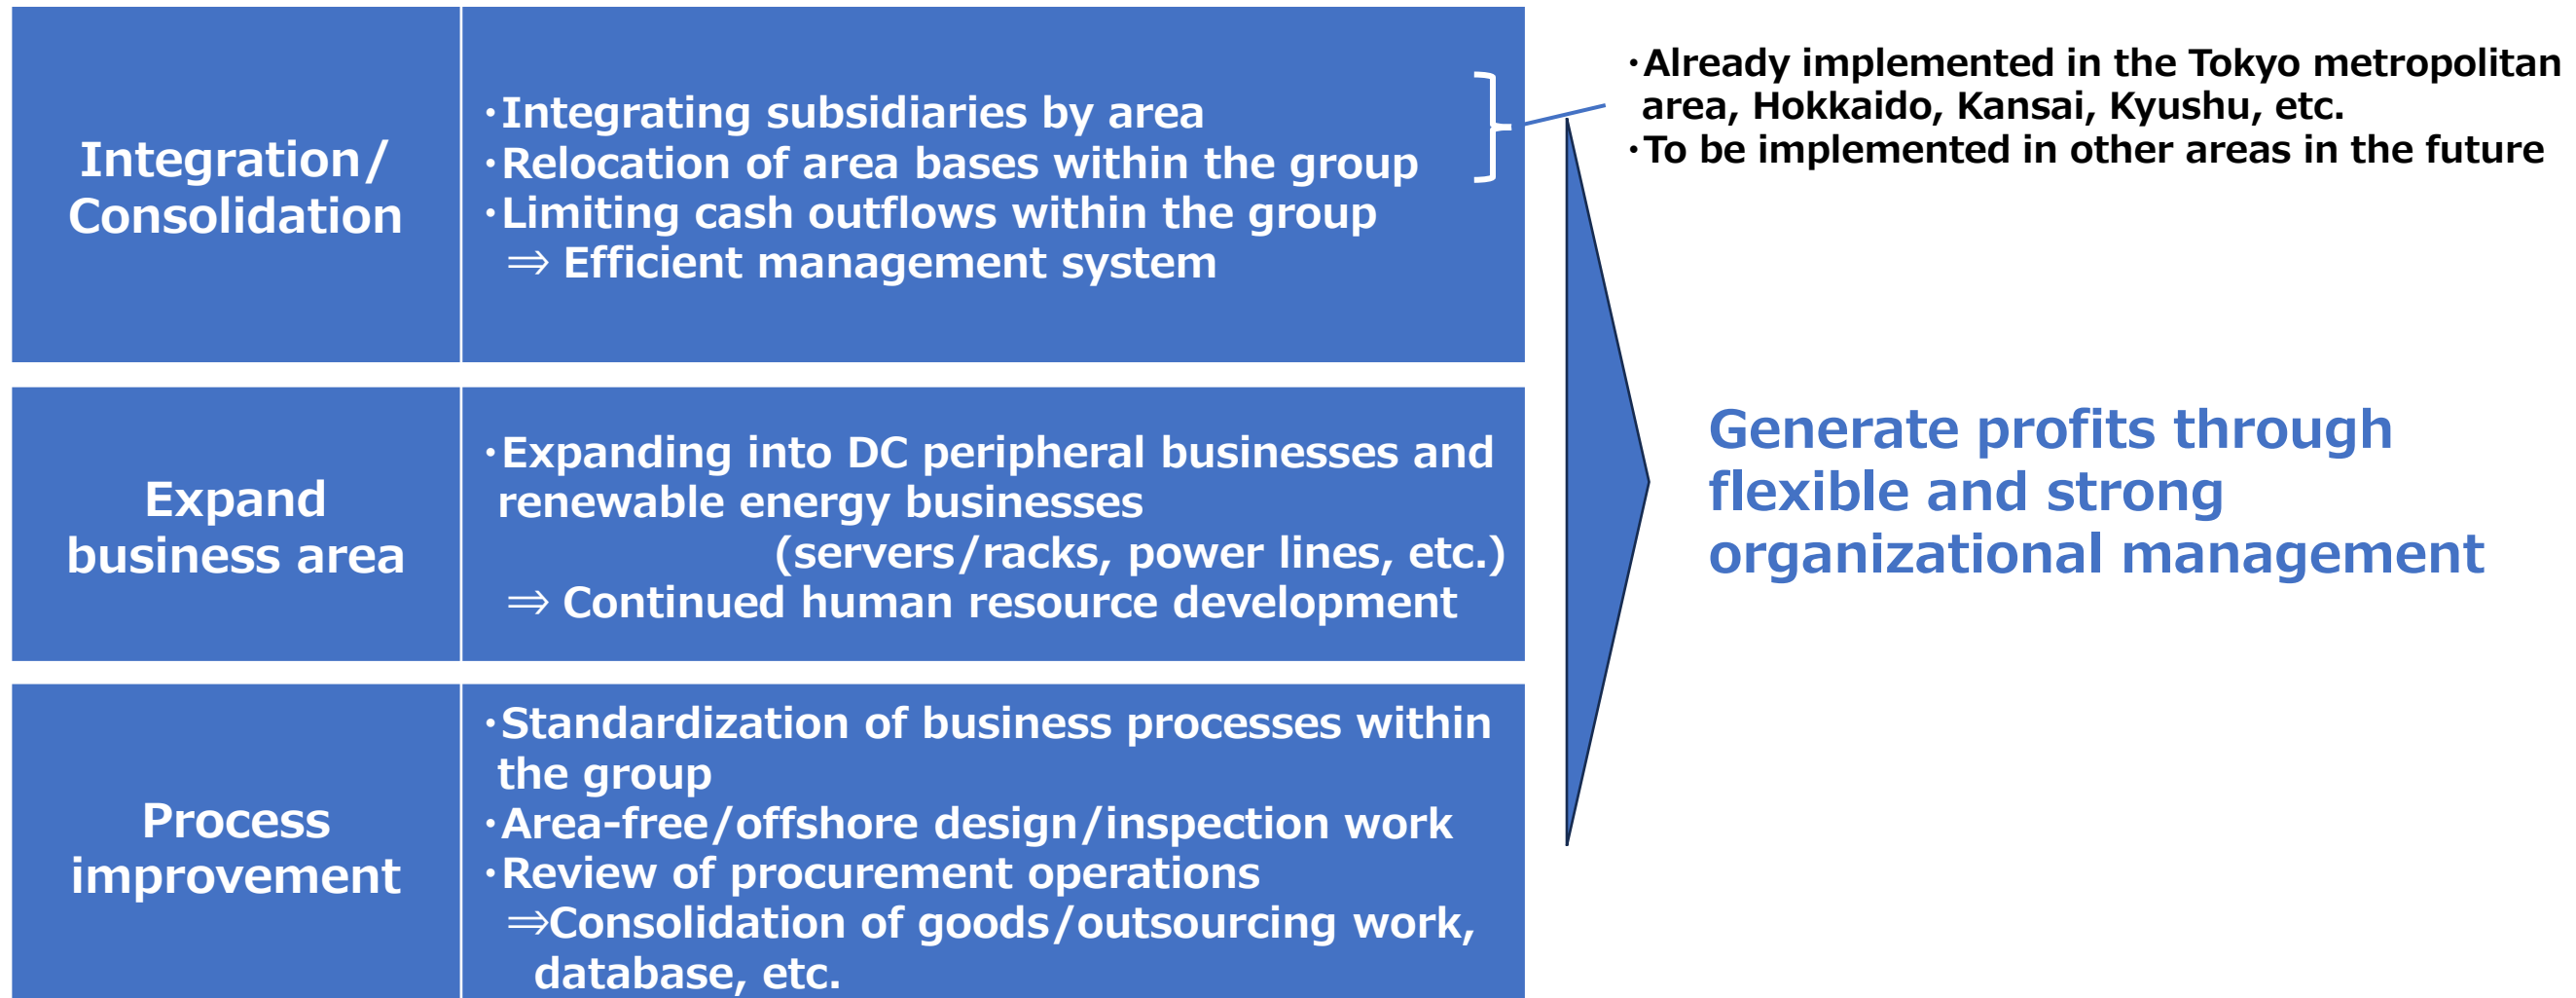

## Main Initiatives

- Continuing optimization through area business restructuring
- Improve productivity through standardization using DX
- Focus on next-generation infrastructure "IOWN" and communications network renewal (wireless landlines, removal of metal cables, etc.)

# ／ ( 1 ) Telecoms Carriers (Profit Generation)

**Continue to implement initiatives to generate profits in our core business**  
**A stronger business management structure through subsidiary integration, base consolidation, and business process improvements**

## ／ (2) Urban Infrastructure

### ■ Trends in net sales

(billion yen)

### FY2025 Plan

- Inquiries about data centers continue  
⇒Increased profits by accelerating completion of carried-over construction
- Continued selective acceptance of public projects

### ■ Trends in segment profit

### Main Initiatives

- Maximize electrical construction capabilities across the entire group (shift resources, develop/secure human resources)
- Make energy-related construction the core of the next business (storage batteries, power conditioner-less, etc.)
- Develop new business models such as ESG renovations

## ／ (2) Urban Infrastructure (Breakdown by Business Unit)

### ■ Trends in net sales

(billion yen)

#### • Energy Unit

(Electricity, Environment, Renewable energy, etc.)

#### • Public infrastructure Unit

(Railway communications, urban-civil engineering, etc.)

#### • Facility infrastructure Unit

(700MHz Band TV reception measures, Local 5G facilities, etc.)

## ／ (2) Urban Infrastructure (Data Center)

### ***Complete electrical and air conditioning installation work for the "AI Ready Data Center\*"***

\*Data centers with high power supply capacity and density per rack

#### **【Construction overview】**

- Power capacity: up to 96 MW  
(up to 140 kVA per rack)
- Adopts water cooling method to cool AI servers, GPUs, etc
- Constructed a complete set of electrical and air conditioning equipment work as a prime contractor
- Announced to related parties and media at opening ceremony in April 2025

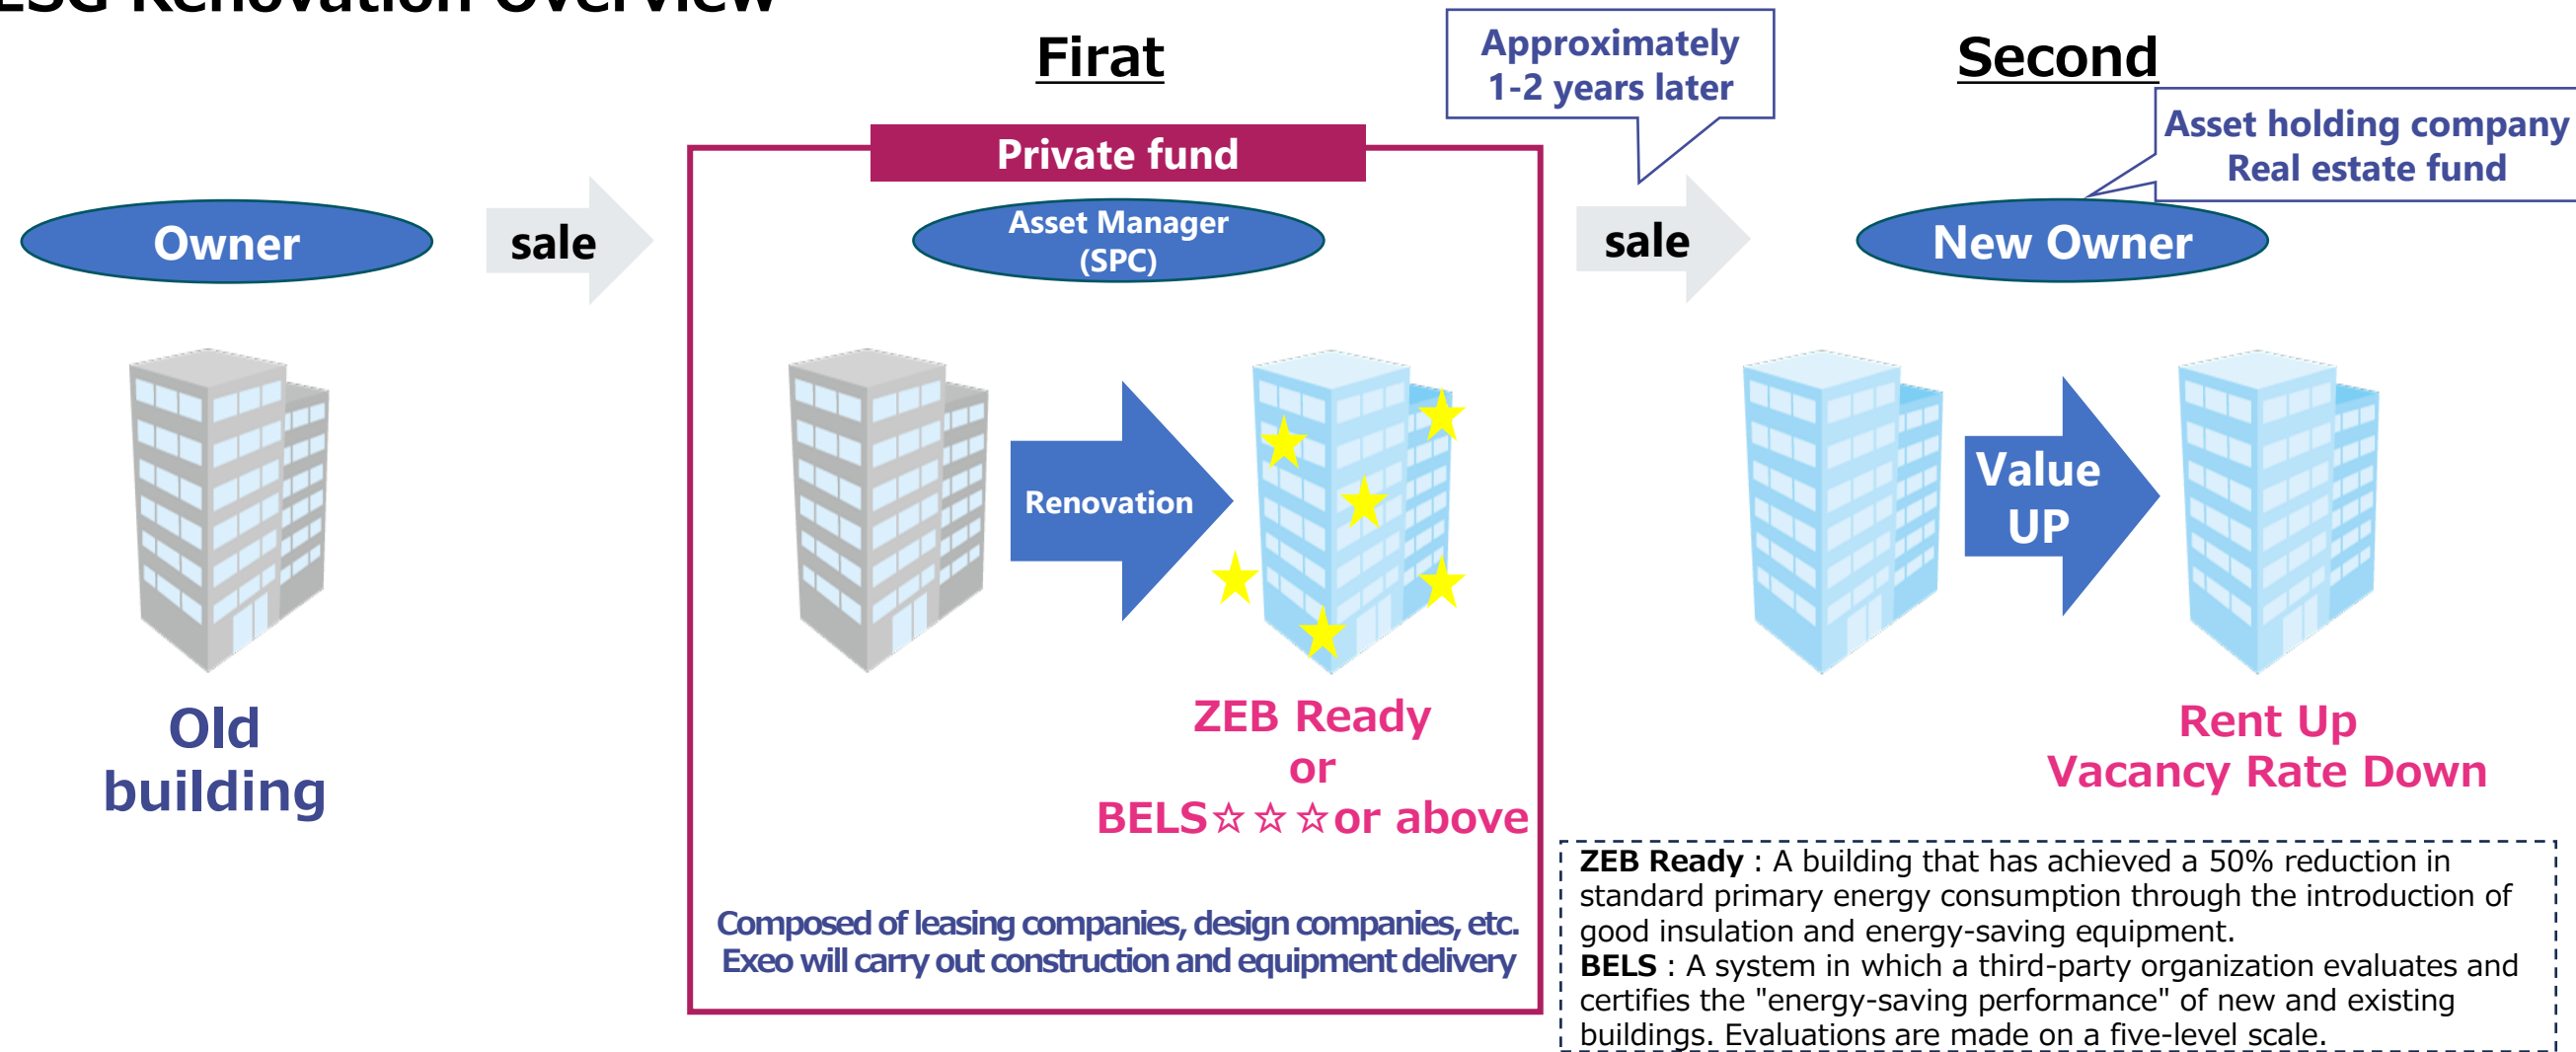

**Building exterior photo**

## ／ (2) Urban Infrastructure (ESG Renovation)

Contributing to the maintenance and revitalization of old buildings, a social issue  
A private fund purchases a property, renovates it, and then sells it

### ■ ESG Renovation Overview

## ／ (3) System Solutions

### ■ Trends in net sales

(billion yen)

### FY2025 Plan

- DX, security business, etc. remain strong
- Expectations for "Next-GIGA" and "generative AI" businesses
- Global business continues to improve profits

### ■ Trends in segment profit

### Main Initiatives

- Expanding prime contractors by strengthening upstream consulting  
⇒ Business expansion into high value-added areas center
- Strengthening maintenance/recurring revenue by expanding Service Units
- Expanding business by utilizing generative AI  
⇒ Establishing a generative AI promotion

## ／ (3) System Solutions (Breakdown by Business Unit)

### ■ Trends in net sales

(billion yen)

#### ・Information system Unit

(Contract development, server construction, etc.)

#### ・Service Unit

(Recurring business such as maintenance and operation)

#### ・Overseas projects Unit

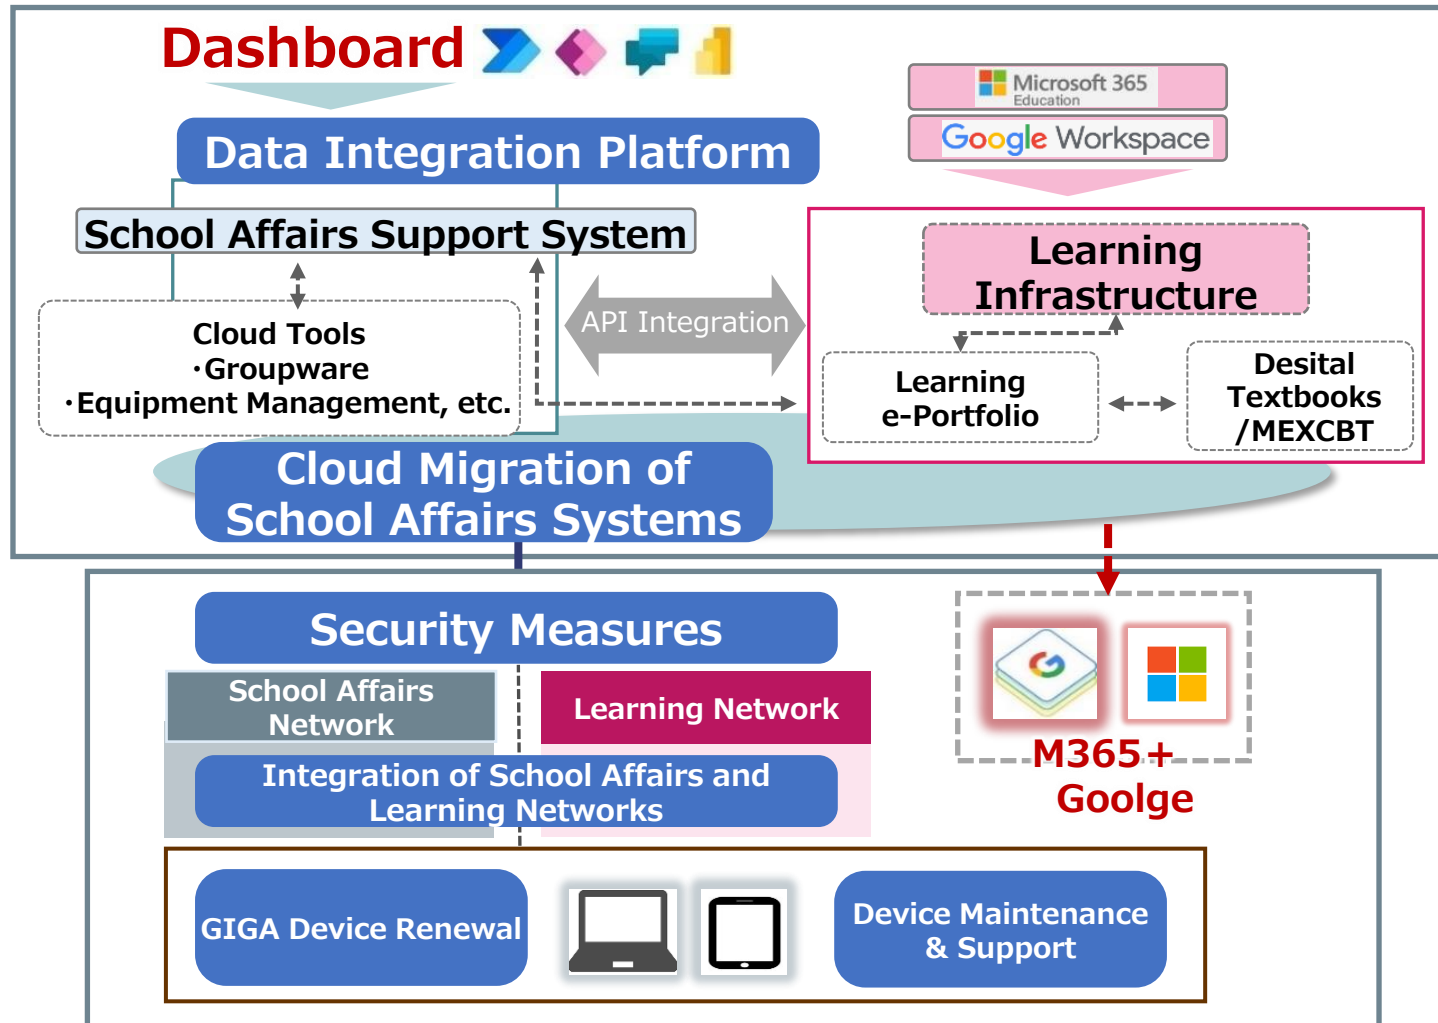

※We have reviewed the method for counting recurring projects within the Group and retroactively revised the figures for the Information systems Unit and the Service Unit.

### ／ (3) System Solutions (GIGA School)

Acquire peripheral infrastructure/security businesses in the "Next GIGA" era, which will reach its peak in fiscal 2025

Expand business centered on cloud infrastructure and data utilization to realize digital transformation in education

Expansion of  
Education DX

#### Data Integration Platform Business Development

- Establishing an infrastructure for the effective utilization of educational data to promote personalized learning. (e.g., use of school system data, dashboards)

#### School Affairs Cloud Business Development

- Acquisition of Cloud migration projects for school administrative systems
- Acquisition of SASE / Zero Trust projects related to cloud migration

#### Infrastructure & Security Enhancements

- Proposals for GIGA Device and Network Security Solutions
- Integration of School Affairs and Learning Networks, Network Access Control, Security Response Guidelines etc. (Compliance with MEXT Guidelines, )

#### GIGA Device Renewal & Maintenance Services

- Acquisition of Phase 2 GIGA (Next GIGA)
- Provision of Maintenance Services by Group Units

# ／ (3) System Solutions (Generative AI)

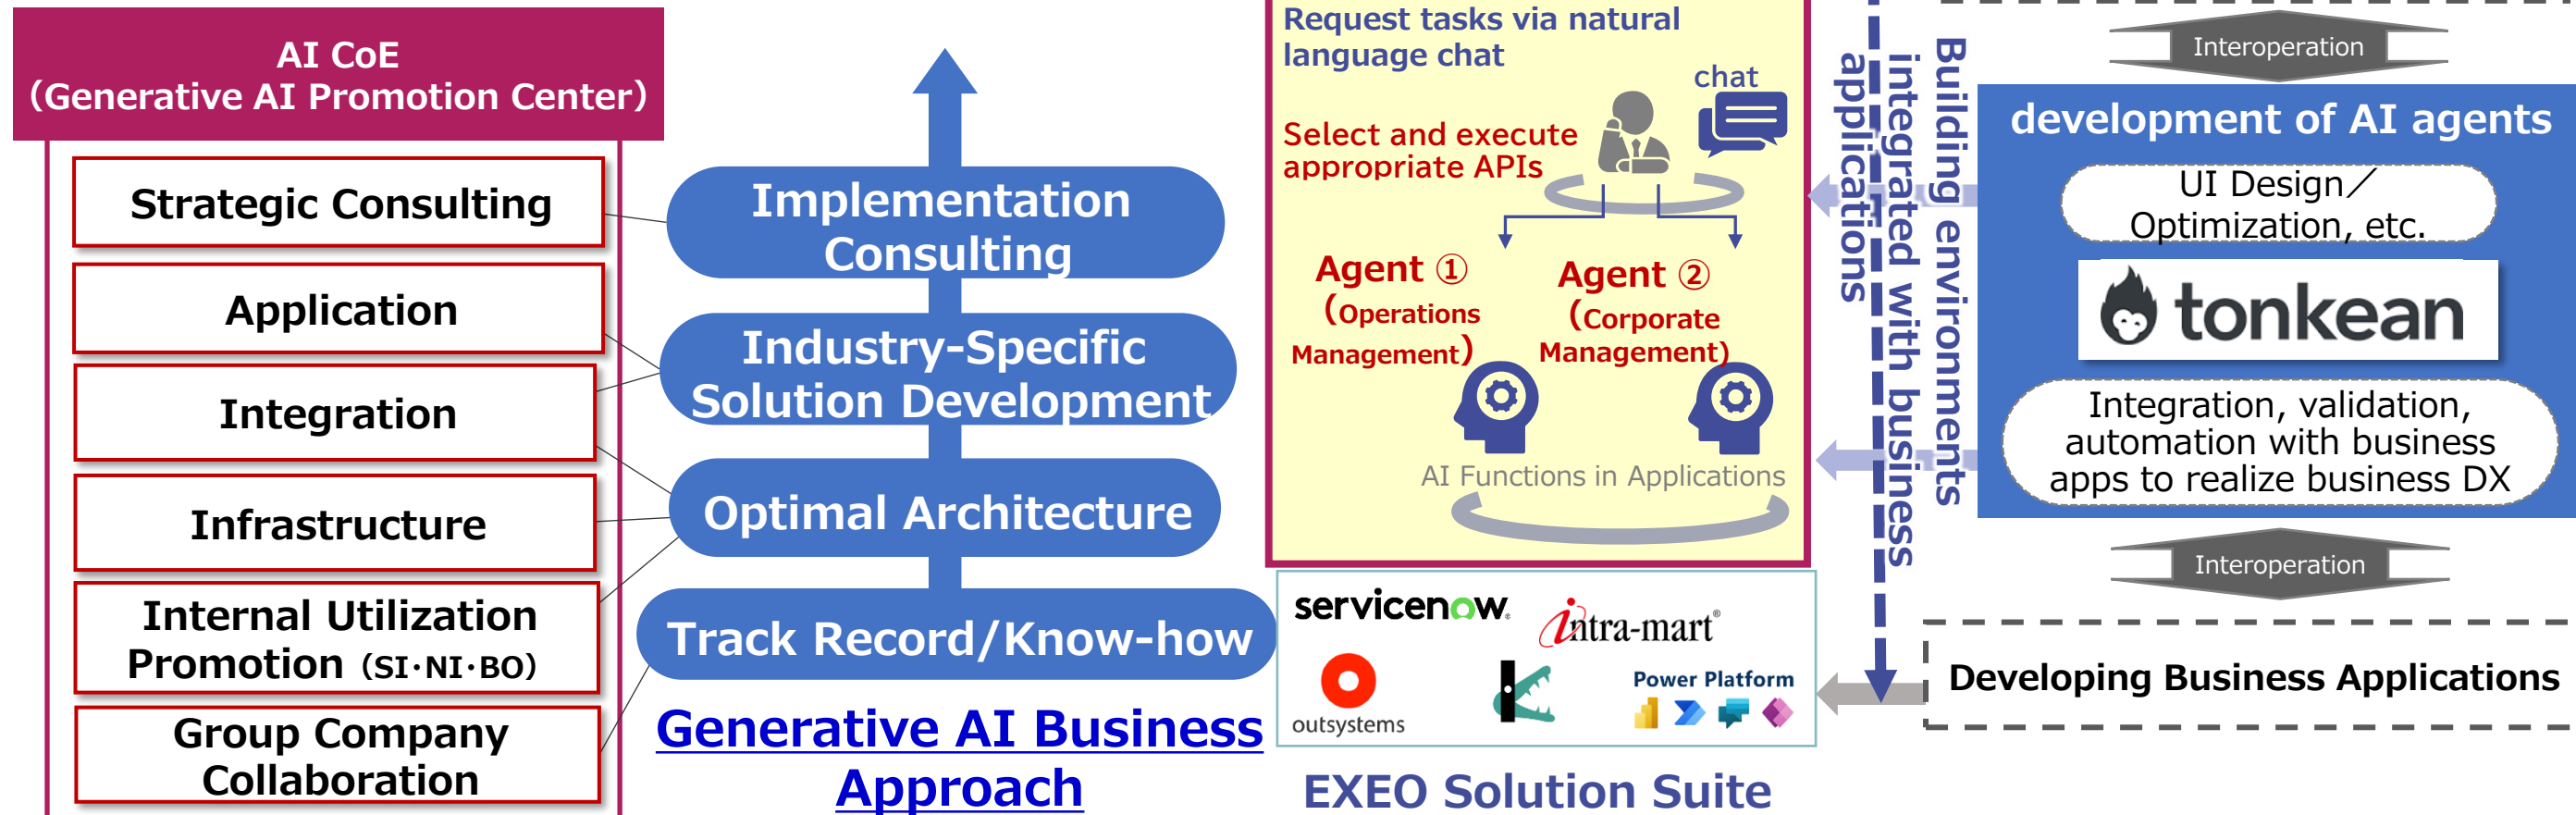

New organization established to accelerate business expansion and productivity improvement through generative AI

Deploying AI agents centered on "tonkean" to expand DX solutions

## ■ AI CoE (Center of Excellence) Established

- Aimed at expanding generative AI business by gathering internal experts
- Providing AI business as a one-stop service

## ■ AIEエージェントの展開

## ／ (3) System Solutions (Overseas Project)

While limiting investment in growth businesses, we will continue with structural reforms to steadily improve our bottom line and accelerate profitability improvements through streamlining and automation of operations.

### ■ Structural reform and efficiency

- With EXEO Global as the starting point, we will focus on our business and strengthen management.  
(Procurri becomes a wholly owned subsidiary)
- Withdraw from unprofitable businesses, downsize and restructure
- Consolidation and elimination of overseas group companies  
(Three companies have been merged and closed, and 10 more are scheduled to be merged and closed by September)
- Promoting automation of operations using robotics technology

### ■ New business development

- Collaboration with NTT Group's global businesses (ORAN, etc.)
- Established an offshore center in Vietnam to expand foreign human resources
- Considering business expansion to India etc.

Ghana Airport  
Command Center

LAE's DfMA Factory

**DfMA** : Design For Manufacture and Assembly/Designing with consideration given to ease of manufacturing and assembly.

## **4. Progress of the Medium-Term Management Plan and Toward Increasing Corporate Value**

# ／ (1) Mid-Term Targets and FY2025 Plans

Medium-term plan sales target (630 billion yen) achieved one year early  
In FY25, we aim to achieve our mid-term targets for operating profit, ROE, and EPS

Net sales (bn)

Operating Profit (bn·%)

ROE (%)

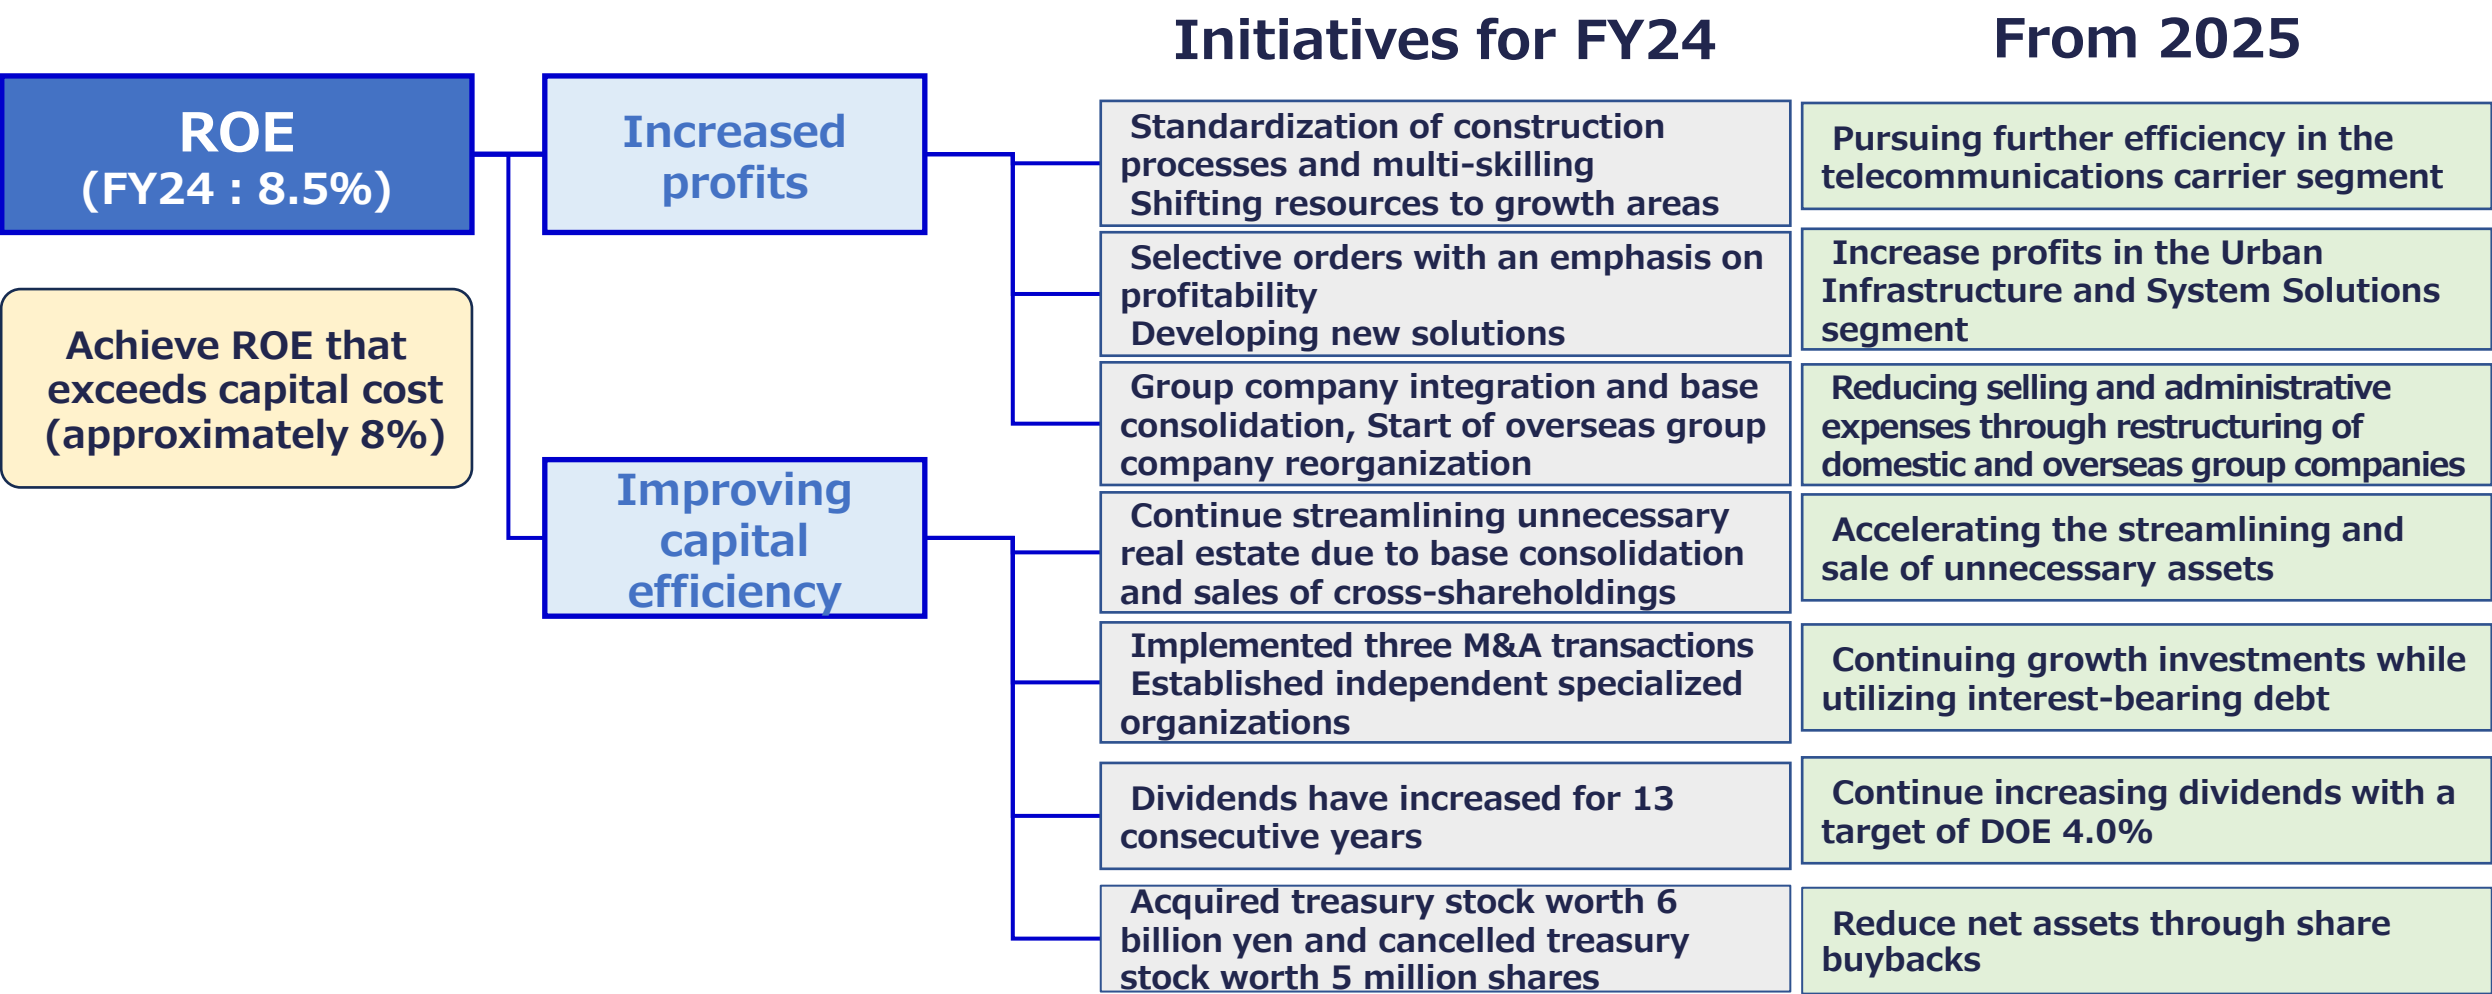

EPS (¥)

Aim to further improve ROE by simultaneously maximizing profits and improving capital efficiency

Continue proactive IR activities to gain the understanding of market participants

# (3) Cash Allocation Policy

Aiming to increase corporate value by continuing growth investments and shareholder returns

## Policy

- Cash flow generation through steady growth
- Sale of Cross-Shareholdings and unwanted real estate
- Use of interest-bearing debt while maintaining financial soundness

## 【Actual results】

### EBITDA

- 89% progress on medium-term targets. (4-year cumulative total)

### Sales of asset

- 17 billion Cross-Shareholdings sold (4-year cumulative total)
  - Appropriate sale of unnecessary real estate
- ⇒ Consider real estate utilization strategies

### interest-bearing debt

- Utilized 24.9 billion yen of interest-bearing debt (4-year cumulative total)

## Policy

- Continued investment in building a growth platform and through M&A
- Active allocation of cash to human capital/R&D
- Continuous dividend increases and share buybacks

## 【Actual results】

### Growth Investment

- 98% progress on medium-term targets (4-year cumulative total)
  - Capital investment : 70bn M&A : 40bn
  - Human Resource Development : Average of about 1 billion per year (training, etc.)
  - R&D/DX : **Continue to invest approximately 2% of sales**
- ⇒Accelerating growth investment

### Shareholder return

- DOE standard increased to 4.0%(FY23)
- Share buybacks continue with the aim of improving capital efficiency

Acquires shares in SAT Co., Ltd., expecting synergy effects with the Service Unit group companies  
 Establishing the “Strategic Alliances Division” to execute growth strategies

## ■ M&A policy

- Strategic mergers and acquisitions to expand the business portfolio
  - Selection of investment destinations with an awareness of investment effectiveness and profitability.
  - Restructuring of the asset portfolio through the sale of Cross-Shareholdings

## ■ Outline of the new subsidiary

Name	SAT Co., Ltd.
Location	Fuchu-shi, Tokyo
Business	Maintenance for IT hardware equipment IT infrastructure construction and IT solution implementation and operation
Office	Tokyo・Osaka

- Complementing our maintenance and operation service lineup
- Reduce environmental impact by using refurbished parts and extending the lifespan of equipment, thereby reducing resource consumption and contributing to sustainable efforts.

## ■ Strategic Alliances Division Mission

- ①Formulation of growth strategies through M&A, etc., market research
  - ②Target selection and negotiation
  - ③Due diligence, negotiating share transfer terms, etc.
  - ④Promoting PMI operations
  - ⑤Monitoring

Reflecting verification results in strategy

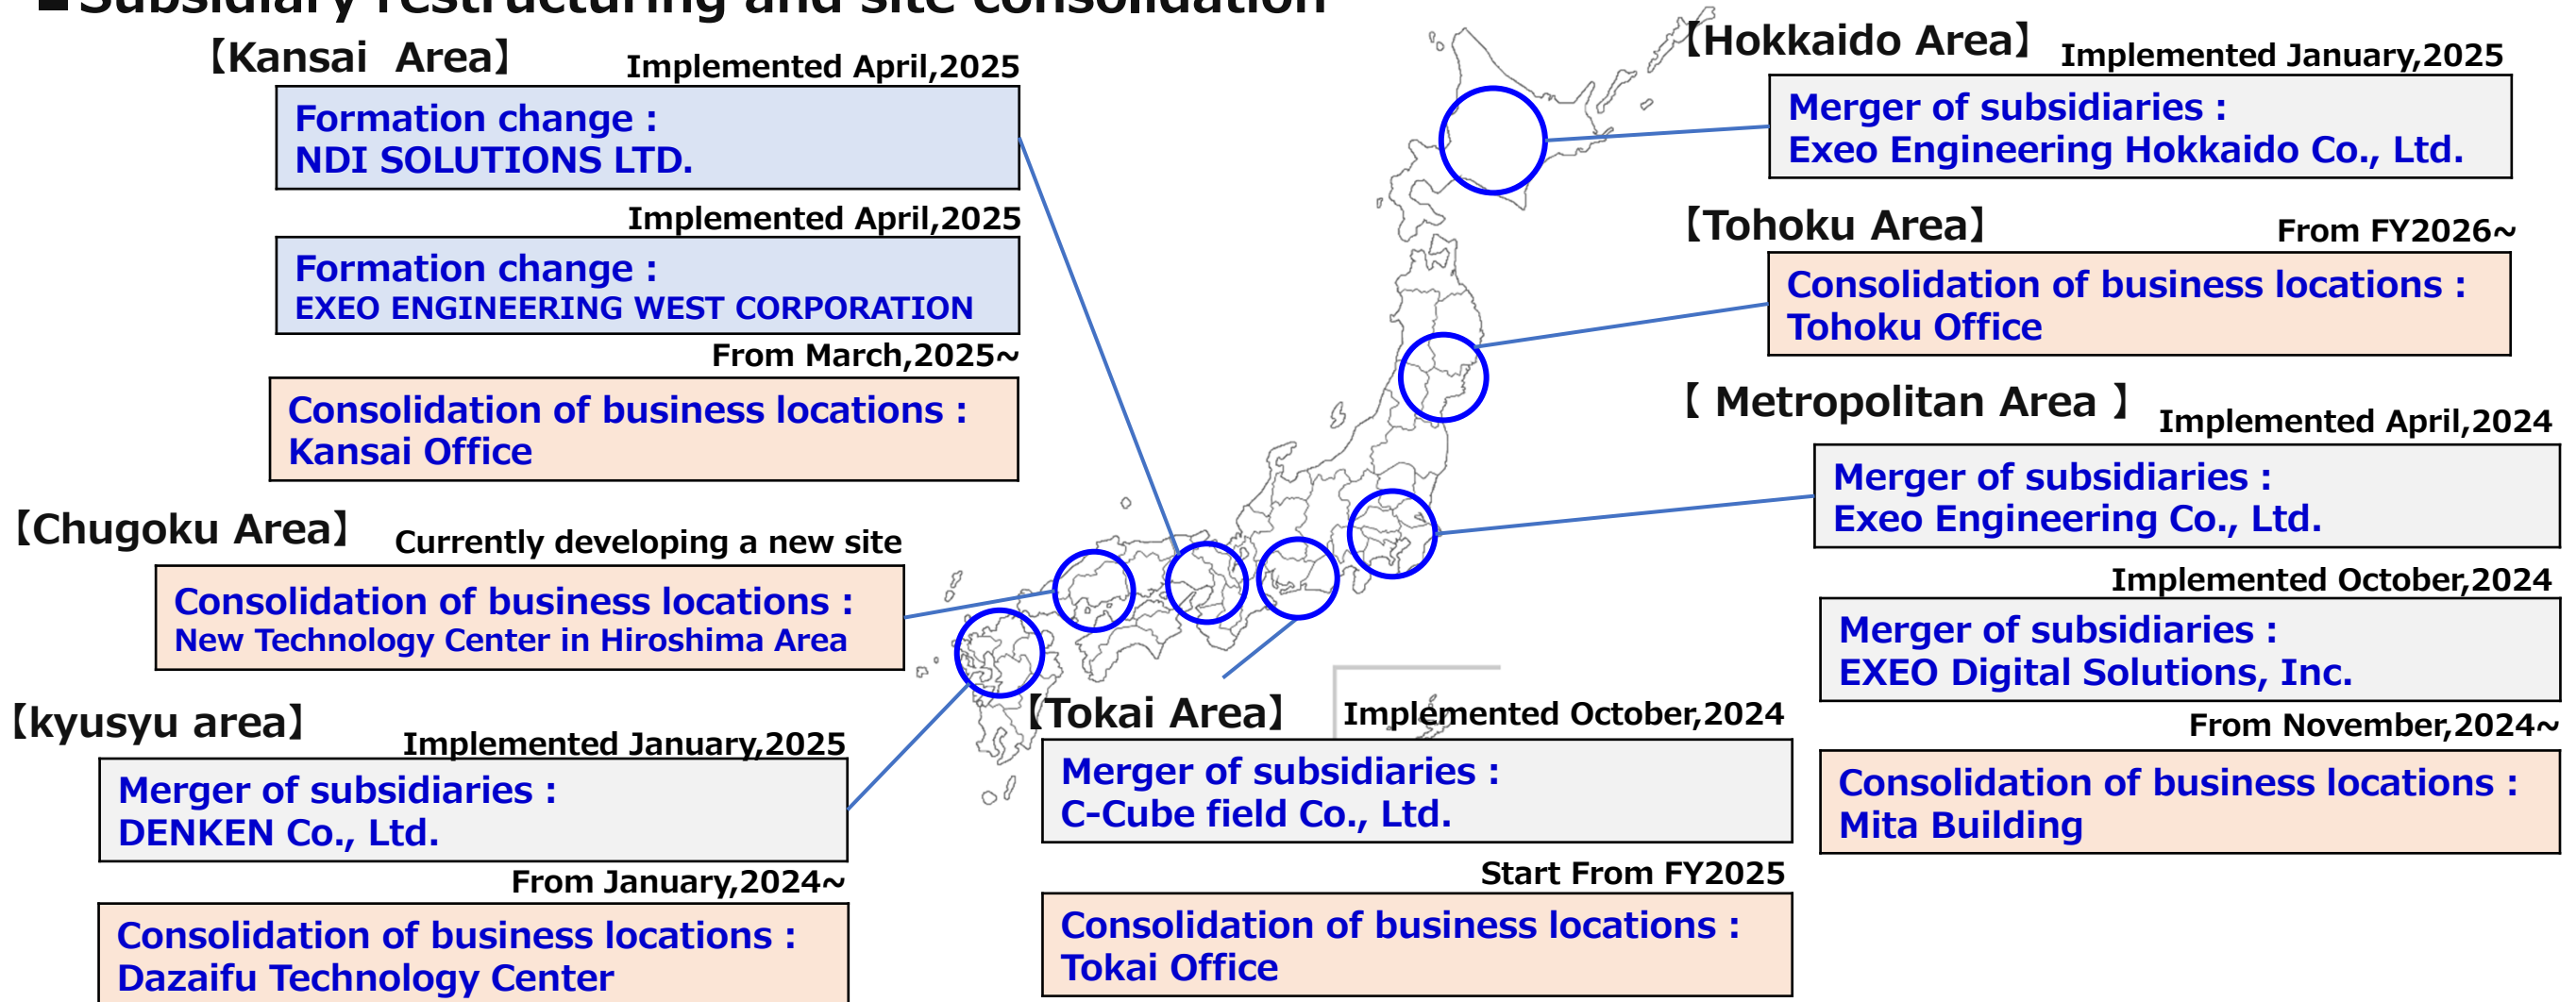

## ／ (5) Consolidation and integration of group companies

To aim for sustainable growth and strengthened governance, we are promoting further integration of group companies

We are continuing to consolidate companies across segments and aggregate business locations, creating larger units by area

### ■ Subsidiary restructuring and site consolidation

## (6) Strengthening Our Business Infrastructure

### Steady implementation of strengthening our business infrastructure
