

Notice Regarding Business Alliance with Dawn Corporation

EXEO Group, Inc. (head office: Shibuya-ku, Tokyo; Tetsuya Funabashi, President) announces that it has signed a business alliance agreement with Dawn Corporation (head office: Kobe-shi, Hyogo; Masanobu Miyazaki, Representative Director), which is mainly engaged in the provision of cloud-based services with a focus on the contracted development of systems related to geographical information and the field of disaster preparedness.

1. Purpose of the business alliance

Dawn Corporation is a company which, since its founding, has been providing solutions using its proprietary technologies related to geographical information. It has an extensive track record in the provision of cloud applications which increase the sophistication of police, fire department, municipal disaster preparedness and social infrastructure maintenance operations.

This business alliance will combine Dawn Corporation's cloud applications with the EXEO Group's facility construction technologies and ICT solutions. Under the agreement, the two companies will cooperate in developing new solutions and introducing new services with a focus on collaborating to provide comprehensive crime prevention solutions for public organizations, including the police.

The Group believes that solving social issues is a universal mission as it laid out in its 2030 Vision and Medium-Term Management Plan (FY2021-FY2025). With this in mind, the Group will strive to connect and combine a variety of engineering areas through innovation and work relentlessly to create value for sustainable growth. By doing so, it aims to be a corporate group that is socially essential globally and in Japan.
